

Pipe & Cable Locating Metrotech 9800 Series

Savcor supply and service the full range of Metrotech Pipe, Cable, Sheath location, and Water leak detection locators.

Our service department can also arrange training on locator operations, and are fully qualified by Metrotech to carry out all warranty repairs, calibrations, and repairs.

Depending on your needs, Savcor can advise you on the most operate locator for needs, whether it is a reliable affordable unit, or a high tech machine for user that require optimum performance in demanding environments.

9860 XT Dual Frequency Line Locator Designed for Multiple Utility Locating

Applications: Water, gas distribution pipeline, power, fault locating

Features:

- Built for multiple utility locating capability.
- Active Frequencies: 9.8 kHz and 82kHz.
- Passive Frequencies: 50Hz/60Hz and RF
- Automatically determines best locating frequency for your line.
- Built-in ohmmeter measures line resistance.
- Visual and Audible Distance Sensitive Left/Right Guidance™
- Current Measurement provides line identification.
- Real-Time Continuous Gain Adjustment™ gives a smooth signal response.
- Push Button Depth for instant depth readout.
- Lightweight, rugged, weather-resistant.
- Easy-to-read, backlit LCD

9890 XT Triple Frequency Line Locator The Line Professional's Ultimate Timesaver

Applications: Water, gas distribution pipeline, power, telecom and fault locating

Features:

- Built for multiple utility locating capability
- Active Frequencies: 982 Hz, 9.8 kHz and 82kHz
- Passive Frequencies: 50Hz/60Hz and RF
- Automatically determines best locating frequency for your line
- Built-in ohmmeter measures line resistance
- Visual and Audible Distance Sensitive Left/Right Guidance™
- Current Measurement provides line identification
- Real-Time Continuous Gain Adjustment™ gives a smooth signal response
- Push Button Depth for instant depth readout
- Lightweight, rugged, weather-resistant
- Easy-to-read, backlit LCD

*Standard Equipment:
1 Transmitter, 2 receiver, carrying case, 3
conductive attachment, 4 ground rod 5 plate,
and operating manual.*

*Optional Features:
Rechargeable transmitter batteries (wall
mount charger included), fault locating
capability (A-frame receiver included), Signal
Inducing Clamp.*
