

Pipe & Cable Locating Metrotech Water Leak Locators

HL 4000 Water Leak Detector

Typical applications:

Water Leak Detection

Features:

- Automatic Noise Filtering electronically averages acoustic levels over time
- Two-step process accelerates the isolation of actual leak sounds: (1) Frequency analysis shows the center frequency of the true leak sound. (2) Frequency filtering allows the user to selectively filter unwanted frequencies, highlighting the audio signature of the actual leak
- Large backlit graphical display
- Durable, easy to use membrane switch controls
- Advanced microphone technology

Base Model:

Amplifier, GM 10 ground microphone w/T-handle, contact rod & extension rod, GM 50 wind protected ground microphone w/carrying handle, connection leads, ambient noise protected headphones, carrying case, operation

Other Popular Kits:

HL4000-10

Description: Amplifier, GM 10 Ground Microphone w/ T-handle, Contact Rod & Extension Rod, Connection Lead, Ambient Noise Protected Headphones, Carrying Case, Operating Manual

Warranty:

One year provided on parts and labour.

Savcor supply and service the full range of Metrotech Pipe, Cable, Sheath location, and Water leak detection locators.
